

“I have identified a few major concerns for Hopewell. My #1 priority is the safety and well being of our people. We MUST stop violent crime. “

Ronnie Ellis

These issues have my attention:

1. Support implementation of programs to reduce violence like Project SAF which is in use to identify and intervene with people most likely to shoot or be shot.
2. Fill eleven Hopewell Police Department staff vacancies in the in the areas of patrol, investigations and street crimes.
3. Compare HPD current salaries with surrounding cities and counties and help to address wage gaps.
4. Support current technologies to aid the HPD (traffic cameras, license plate readers, etc.)

*I want all the families of Hopewell
to be safe in our city*

Ronnie Ellis & Family

Working for the City

I'm Ronnie Ellis, candidate for Hopewell City Council. I am a Battalion Chief for the Hopewell Fire Department and a retail business owner in the city.

I am the person Hopewell calls on when you need help and I have NEVER failed to answer the call. If you enjoy fishing or want to talk, I'm glad to welcome you into my store. I am proud of my career and my history with this great city and will make you proud of my service on Hopewell City Council.

Some members of the current council believe that dedicating my career to the Hopewell Fire Department or owning a business in Hopewell's tax base should disqualify me as a member of council. I disputed this claim, and the Attorney General of Virginia* agrees with me.

* Attorney General's opinion available at Ellis4Hopewell.com

Thanks for your consideration,

Ronnie Ellis

- Battalion Chief—Hopewell Fire Department
- Owner—Fish Tales Bait & Tackle Shop
