## Genuine Interest

I've always had a genuine interest in the good of Hopewell. My vision for improvement is defined on many levels, and is backed by common sense initiatives. Many of you shared your concerns and desires while I visited almost every home in Ward 4. Thank you for that. I welcome your ideas and promise that you have my attention.

My position as Battalion Chief for the Hopewell Fire Department has prepared me to manage devastating situations.

I am a skilled leader who has hands-on experience and the privilege of mentoring some of the bravest men and women in our city. I believe a strong leader cultivates effective future leaders.

I am knowledgeable about the workings of city government and I'm principled about the execution of my duties.

I have and will continue to work for all the residents of Hopewell, without hesitation.

*I've been sharing my ideas about Hopewell's future, and I would love to hear your thoughts.*

# Helping Hopewell's Youth

“As a strong leader, I know future generations are important, and we must prepare them for success.”

*Ronnie Ellis*

- We MUST expand the vocational education program in Hopewell, either entirely in Hopewell High School or in partnership with neighboring communities.
- We MUST continue to support and expand our dual enrollment and concurrent enrollment programs with Hopewell High School and area colleges.
- We MUST partner with industry, Fort Gregg-Adams and local colleges to expose our youth to employment opportunities and the path necessary to obtain them after high school.
- We MUST implement a public safety careers program that encompasses awareness of employment opportunities within the fields of Law Enforcement, Fire, EMS, TSA and others.
